NATIONAL YOUTH DAY

A TALK, FOLLOWED BY Q&A

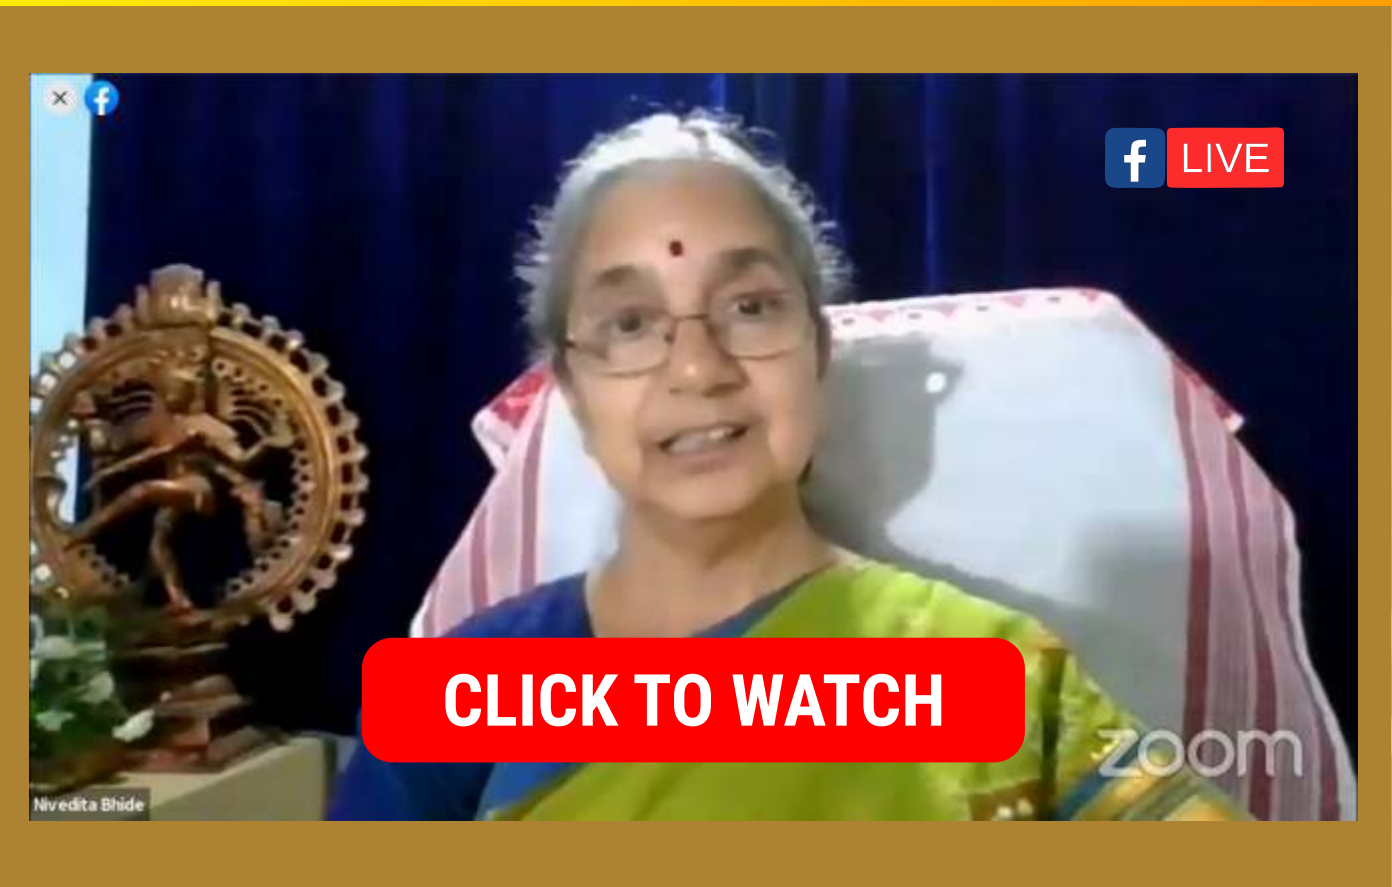

Vivekananda for Changemakers

Swamiji's thoughts take us to the next orbit of our life. It doesn't allow us to stay in the same place. It allows us to take a quantum jump. Then, the 'I' doesn't remain limited to 'me' and 'my family', but it gets expanded to the society, to the nation, and to the whole creation. That is how Swami Vivekananda's thoughts are the most apt for the changemakers, and all the youth should keep reading his thoughts.
